Management Safety Policy Statement

The Global Group is committed to the mission of providing safe and quality products to our customers that either meet or exceed industry standards.

To accomplish this, the Executive Management commits to occupational health and safety excellence through:

- Employee involvement in creating a workplace that is safe and healthy;
- Continual improvement of the Occupational Health and Safety Management System;
- Conformance to all Company policies and procedures and any applicable federal, state and local laws or regulations and industry occupational health, safety and environmental (HSE) standards; and,
- Integration of HSE into all business planning, decision making, and daily activities.
